Total Route of the Sammites!

At our city election on Tuesday the democrats hal it all their own way, and poor Sam was all but annihilated. The entire democratic ticket was elected, almost without opposition, there being no opposing candidates except for Mayor, and Aldermen in the 2d and 4th Wards. Our present capable Mayor, W. Stewart, was reelected by a triumphant majority of 508 over his K. N. competitor, as follows:

Stewart.	Wh'tmore.
1st Ward.	194

3d " "	162
4th " "	76
5th " "	65

Dem. maj.	508!!!

In the Second Ward the vote for Aldermen stood:

Dem.	Fusion.
M. Hedgeson, 152	B. H. Tower, 106
H. Baker, 160	S. Gibbons, 103
W. M. Kinney, 67	C. Allen, 46
W. T. Pratt, 69	J. Fry, 50
Dem. maj.	182

This ward has hitherto been considered hopeless fusion; but it is now redeemed, and fusionism has no foothold left in the city.

Honor to the indomitable democracy of Fort Wayne! Our city now stands at the head of the glorious democratic column of the state. Let it be the aim of our democratic fellow citizens to maintain her in her proud position.

The officers elected are

Mayor—Wm. Stewart. *Clerk*—A. C. Probasco.

Marshal—P. McGee. *Treasurer*—C. Rader.

Assessor—H. Crist. *Eng'r*—C. H. Forbes.

ALDERMEN.

1st Ward—T. Stevens, J. Orr's, top.

2d " " M. H. Wilson, H. Baker.

3d " " J. D. Worden, H. Nieman.

4th " " W. McKinley, W. T. Pratt.

5th " " A. M. Webb, C. Baker.

General Route of Know-Nothignism and Black Republicanism!

There appears to have been a general route of the fusion forces in every city in the state, at the late elections. The new delegations resort to their state Convention, in ostensibly renouncing Dark-Lanternism, and striking the Prohibition issue, have not had the desired effect. Anti-Nebraska has had its day, and can no longer lead well-meaning democrats astray. Fusionism has been weighed in the balance and found wanting. It has been in the ascendant, and showed its hideous deformity and unfitness to rule over a free people. As a natural result, the people now repudiate it and seek refuge under the broad national banner of democracy and equal rights.

Here in Fort Wayne, the entire democratic ticket is elected—Mayor, Aldermen, Marshal, Clerk—every thing; not a grain a spot left of the K. N. S. Our majority is 508, and would have been greater if there had been sufficient excitement to call out a full vote. We do not crow much over this, as it was to have been expected as a matter of course.

Logansport, hitherto fusion, has elected the democratic ticket by majorities ranging from 34 to 47.

LAFAYETTE gives 219 dem. majority. A small rebuke for Dan. Mace, who now misrepresents Old Tippecanoe in Congress.

ELKHORN, BATTLE GROUNDS, LAWRENCEBURG and ALBION have also routed the speckled enemy, and elected the democratic ticket.

NEW ALBANY REOPENED.—But the greatest triumph is in New Albany, which has hitherto been under the control of Know-Nothing rowdies who maintained the purity of the ballot-box by the potent aid of brassknucks, maltreated every one who voted who ventured to the polls, and earned a reputation for their city but little better than that of their neighbor Louisville. The bullies are now rebuked and put down, and the democratic ticket elected by 300 majority.

And last but not least, INDIANAPOLIS has run up a respectable majority of 350 for the democratic ticket.

The great Fusion Convention.—A sketch of the proceedings of this body will be found on our first page, and we direct particular attention to it.

It will be seen that Know-Nothingism was studiously kept out of sight, and a platform adopted, the principal plank of which is Abolitionism and Anti-Nebraskaism. Nothing is said about the dangers of foreign influence and the Pope, nor are foreigners denounced as the savages formerly used in reference to them. All that is asked on this head is that no foreign citizen shall vote until after the five years' residence prescribed by the U. States naturalization laws. This is certainly a wonderful cooling down from the demands so recently made by the fusionists, and shows they sensibly feel the weakness of their cause, and have to stoop to this humiliating depth in the vain hope of catching the votes of the very men on whom they have heaped such unsparring abuse and contumely. As an evidence of their sincerity, it may be sufficient to state that the convention nominated J. W. Dawson of this place—a man distinguished for nothing but his rank know nothingism, and every way unfit for the office and undeserving the support of any

respectable citizen—for the office of Secretary of State. This shows, however they may seek to disguise it, that the old leaven of Know Nothingism still sticks to them, and if they had the power would disfranchise every foreign voter in their state, and elected Vaux, dem., Mayor by a majority of 4500 to 5000, and two-thirds of the city council. When Sam is routed in the city where his advent was signalized by the burning of the church and massacre of unoffending citizens, there is but little hope for him. His case is desperate.

The Methodist General Conference is now in session in Indianapolis. A large number of the bishops and most eminent clergymen of that denomination, including delegates from England and Canada, are in attendance.

Fusion Harmony.—There is a very pretty quarrel going on between Mr. Gibson, the Ohio Treasurer, and Alfred Kelly, Alfred, it appears, wished Mr. Gibson to select a bank in Cleveland, managed by a brother of his (Kelly's) as a deposit for the state funds, which Mr. Gibson declined doing. Alfred then got up a committee of investigation in the Senate, and made a report severely censuring the mode in which Mr. Gibson transacted the financial business of the state. Mr. Gibson has made a spirited reply, in which he exposes the falsehoods and misrepresentations of Kelly's report, denounces his duplicity and dishonorable course; pitches it to him generally; and gently intimates that Alfred Kelly is not King Alfred the Great, and has no right to dictate to him. It is a very pretty fight as it stands, and so far Mr. G. b. has decidedly the best of it.

The Massacre at Panama.—The terrible massacre of Americans at Panama, a brief telegraphic notice of which we gave last week, appears to have arisen from a quarrel between a native and a passenger, who refused to pay for a meal.

High words ensued, the native drew a knife, and the passenger shot him with a pistol; another native then stabbed the passenger, the Americans interfered to save their countryman, the natives rallied, and the fight became general.

An indiscriminate attack was made on the passengers, twenty of whom were killed, and 30 or 40 severely wounded. Men, women, and children

were attacked, maimed, and pillaged, without

the others to be maimed, decreasing the misery—ever finger and ear-ring were roughly

snatched from the luckless owners, and rapine and barbarity held undisputed sway.

The railroad office was ransacked, the papers destroyed,

and the money and other effects that were found in the office were taken.

A vote was taken, the substitute was carried,

and M. S. a. p. Rail road Company be and they are hereby instructed to take prompt and efficient measures to close up and disorganize said association.

R. Suyler offered the following as a substitute:

Resolved, That we are in favor of a dissolution of the Fort Wayne and Mississippi Railroad Company as soon as practicable, unless the Directors can contract for the building of it or a part thereof; that will ultimately insure its completion, in a reasonable time, in whole length by a responsible man or company, who are backed either by sufficient capital or ample security—and that we are opposed to paying any portion of our stock until such contract shall be made as aforesaid.

A vote was taken, the substitute was carried,

and they were 1307 votes in favor and 116 against.

The meeting then adjourned.

THOMAS LAMPSON, H. C. BACKE, Sec'y.

Arrival of the North America.

QUEBEC, May 7.

The steamer North America arrived at 7 this evening with latest Liverpool dates.

Russia.—The military is disbanded.

Admiralty has ordered all light houses to be lighted at the buoys to be laid down in the Gulf of Bothnia and Fjordland and White

Seas.

Breadstuffs drooping tendency continued.—Wheat very favorable for agricultural purposes.

Wheat's circular says trade exhibited little variation from Friday.

Wheat and Flour steady.

Indian Corn—Bitter request, and expected higher.

Good qualities barrel Flour advanced 6d a lb.

At Manchester higher prices were demanded, but sales were limited.

At Glasgow marked for pig iron excited large

speculation demand, workmen were on strike, and 20 per cent of the furnaces had been stopped, sales at 76s cash.

Consols closed Tuesday at 93 for money, 93½ on account.

LONDON.—Flour declined one shilling.

Other articles generally unchanged.

Pearls—Rents closed Tuesday, 74, 3d for money, 74, 4d for end month; nearly one quarter decline.

WASHINGTON, May 2.

There is no doubt but that the Government will take prompt measures relative to the outbreak at Panama.

The Secretary of the Navy supposes that the

ship St. Mary is by this time under the instructions of her master cruise, but an additional

vessel of war will be despatched from the Atlantic coast.

As the orders have not yet been given, it is highly probable that a Commissioner

will be sent there to ascertain the facts of the case.

WASHINGTON, April 26.

Old Sam, Houston in the Field.—An independent Candidate for the Presidency of the United States.

Sam, Houston left here this afternoon for his visit to his family. He repudiates all political causes and conventions and runs, I am authorized to say, as an independent candidate for the Presidency, trusting for his election to the great body of the people, and not to political wireworkers.

He is now fully in the field, and announces as his platform.

Opposition to the present administration; a restoration of the naval and army departments; and a condemnation of no citizen with out hearing.

The announcement that Gen. Houston

can not fail to exercise a controlling influence on Mr. Fillmore's action, as well as on the Convention, to meet that of the Free Soil party.

Mr. Fillmore's action, however, is not yet known.

It is not to be expected that he will be able to do much good.

He is to speak at the meeting of the Free Soil party, and is to be present at the meeting of the Free Soil party.

respectable citizen—for the office of Secretary of State. This shows, however, they may seek to cast off the dark Eastern canopy which has fully informed those who contributed to the relief of the old leaven of Know Nothingism still sticks to them, and if they had the power would dislodge every foreign voter in the country. He was put on the ticket as a city of 1500 to 2000, and two-thirds of the city tributary; expended for groceries, rent, food, &c., \$84,442; articles of clothing given out; women's dresses, 67; other garments, 125; pairs of shoes 14; articles of bedding, 35; yards of flannel and lace, 124.

The *METHODIST GENERAL CONFERENCE* is now in session in Indianapolis. A large number of the bishops and most eminent exponents of that denomination, including delegates from England and Canada, are in attendance.

Fusion Harmony.—There is a very pretty quarrel going on between Mr. Gibson, the Ohio State Treasurer, and Alfred Kelly. The article of consolidation of the stock of the Ohio & Penn. R. R. will be exchanged for stock in the consolidated road at the ratio of \$140 per stock, for \$100; the Ohio & Indiana at \$100, and the Fort Wayne & Chicago at \$100, for \$100. Interest is to be capitalized on all stocks on which interest has not been paid or all-well up to first of July next; and may be allowed on new stocks until the time shall have been completed on dividends paid.

This ward has hitherto been considered hopelessly fusion, but it is now otherwise, and indeed has no doubt left in the eye.

Honor to the indomitable democracy of Fort Wayne! Our city now stands at the head of the glorious democratic column of the state. Let it be the aim of our patriotic fellow citizens to maintain her in her proud position.

The officers elected are:

Major—Wm. Stewart, Clerk.—A.C. Probasco, Marshal.—P. McLean, Treasurer.—C. Baker, Auditor.—H. C. Clark, Eng.—C. H. Forbes, Auditor.

General Route of Know-Nothingism and Black Republicanism!

There appears to have been a general route of the fusion forces in every city in the state, at the late elections. The new judges resorted to their state convention, in ostensibly renouncing Black-Lawrence, and shaming the Prohibition issue, have not had the desired effect; Anti-Nebraska has had its day, and can no longer lead well-meaning democrats astray. Fusionism has been weighed in the balance and found wanting.

The new company will go into market with a good credit, having the larger portion of their road in profitable operation and only a few miles to finish; they will also be backed and aided by the Pennsylvania Central, and will have no difficulty in raising all the means necessary for the early completion of the work. Arrangements are already in progress for means to finish the road to Plymouth, where a good temporary connection with Chicago, via LaPorte, will be effected.

The arrangement is so mutually beneficial to all parties concerned that we hope it may be unanimously ratified. We believe the stock of the Ohio & Indiana and the Fort Wayne & Chicago would ultimately be more profitably than that of the Ohio & Penn. and we do not think it would have been more than fair if they had been received in the new stock at equal rates with the last named company; but, taking into consideration the embarrassed state of those companies, and the difficulties they would have to encounter in finishing their roads, from that they will now be relieved, we feel satisfied that the arrangement is a good one, and perhaps the best that could have been made.

The new company will go into market with a good credit, having the larger portion of their road in profitable operation and only a few miles to finish; they will also be backed and aided by the Pennsylvania Central, and will have no difficulty in raising all the means necessary for the early completion of the work. Arrangements are already in progress for means to finish the road to Plymouth, where a good temporary connection with Chicago, via LaPorte, will be effected.

The arrangement, we repeat, is a good one for all concerned. Pittsburgh and Philadelphia enjoy a large accession of business, without loss or expense to themselves, by a judicious use of their craft in aiding the finishing of this line, and the Ohio & Indiana and Fort Wayne & Chicago companies will be relieved from their embarrassments and enabled to prepare their roads to a heavy and profitable business, without further delay, and will soon be in the receipt of good dividends from their investment.

Fort Wayne & Mississippi Railroad.—The difficulties which have retarded the commencement of this great work are in a way of being removed. The dissatisfaction which a few callid-soused persons had instilled into the minds of many of the stockholders, by nefarious insinuations and misrepresentations, has in a great measure been removed, and many who were anxious to have the company dissolved, are now equally desirous to see the work progress. At a meeting of the stockholder, held at Remsenburg on the 28th ult., a motion to dissolve the company was voted down, and one adopted in favor of closing the contract entered into the late board for the immediate commencement of the work. This has infused new life into the friends of the road, and we learn by the Jasper Banner that a large amount of new subscriptions has been secured to the work.

For the sake of the citizens of Remsenburg, we are glad to learn that this is the case. They had subscribed liberally to the road, and their late director, Messrs. Larue and Spitzer, were anxious in their labors to secure its construction. They deserve to have the road, but they have been long losing it by the evil counsels of a few mischievous and short-sighted persons. Had the company been dissolved, a new one would have been immediately formed, and the road made on another and straighter route, leaving Remsenburg some 6 or 8 miles to the south. The effect of this would have been ruinous to the prospects of that enterprising town, and there we are gratified that no change in the location of the road will be necessary.

The nomination of our neighbor Dawson for Secretary of State, does not seem to meet much favor at the hands of the press. The New Albany Ledger says:—

Dawson, for Secretary of State, is editor of the *Fort Wayne Times*, the greatest blabber in the State, and if his contemporaries tell the truth about him, he is neither fit nor ought to be.

The Ladies of the Benevolent Society respect the friends of the Society for the relief of the poor through the winter, the past winter, and still sticks to them, and if they had the power would dislodge every foreign voter in the country. He was put on the ticket as a city of 1500 to 2000, and two-thirds of the city tributary; expended for groceries, rent, food, &c., \$84,442; articles of clothing given out; women's dresses, 67; other garments, 125; pairs of shoes 14; articles of bedding, 35; yards of flannel and lace, 124.

Ninety-two families have been relieved, including those of 56 widows. Whole amount paid and \$113 00. Given from the fund appropriated by the ladies exclusively for the relief of widows, \$50 00.

In order to clear the Society from the charge of favoritism and sectarianism which is often brought against it, the ladies would say that nearly all the families assisted are foreigners, and most of them Catholics. The distress and poverty of the families in many cases have been brought on by intermarriage.
